

Shrink the Pink Slice!

What we know we know

What we didn't know we didn't know – until now

Mass Care Feeding at Disaster Sites – such as Shelters - must cover everyone's needs, including infants and toddlers, equitably

Breastfeeding support – including DME, CMS and PAS – is not part of CAT B Public Assistance (PA), nor included in the FEMA PA guidelines and catalogs

The ESF#6 (and possibly ESF#8) Planning and Logistics for SLTTs can be improved, including access to milk banks

Replacing breastmilk with formula is not as healthy for babies, especially during and after disasters
